

Management

Senthil Matriculation School is the brain child of Senthil Educational Trust, a Charitable Trust headed by our respected Chairman, Thiru.Senthil.C.Kandasamy,B.Sc., who has crafted Excellence in all his endeavors. With the core objective of perfection and a proven track record for the past four decades, the Management imparts high quality education with values of good conduct and character and instills responsibility in each student.

Vision

To impart knowledge in young minds to enhance their creative and physical skills and intellectual growth.

Mission

To achieve excellence in educational services through a professional and intelligent approach.

Motto

Character Based Quality Education.

Chairman's Message

Shri. Senthil. C. Kandasamy, B.Sc.,

Dear Parents and Students,

Hearty Greetings and Best Wishes to everyone!

I am extremely happy to share my views and thoughts with all of you.

I started my career from humble beginnings and have surpassed all the difficulties faced by a common man coming from an agricultural family background. Hence, I strongly believe that Quality Education is the only weapon which can take us to greater heights in life. With this noble thought, I laid the foundation for Senthil Matriculation School, Dharmapuri in 2002. Further widening our wings in the field of education, Senthil Public School, Salem was founded in 2011. Senthil Public School(CBSE Syllabus) and Senthil Matric School(State Board Syllabus) were founded at Adiyamankottai in 2016.

In our Institutions, we teach discipline, honesty, sincerity and devotion to duty. Senthil Public School adopts Montessori Method for the children below 5 years and CBSE stream from 1st standard. Senthil Matric School adopts Kindergarten Method for the children below 5 years and State Board syllabus from 1st standard. We believe in teaching in an innovative and effective method with focus on up-to-date educational ideologies. Students are guided by skilled, devoted and dedicated teachers.

“Character Based Quality Education” is our motto.

I wish our children get acquainted with latest technology along with practical knowledge. We need to stress on the importance of learning English, especially in the villages, in order to succeed in their lives. I request the parents to join hands with me to help your children to achieve greater heights in their life to come.

Secretary's Message

Shri. K. Dhanasekar, B.Tech.,

With my head held high with satisfaction, I tell you, parents, the schools under my care are blooming into model schools. The schools are places where the child finds a home away from home, where strong foundation is laid on character and high quality education by dedicated, highly qualified, efficient and devoted staff. We don't leave any stone unturned in the process of making your child a leader. Equal importance is given to Sports and Games, Academics, Hobbies and Skills of individual child under the watchful eyes and able guidance of experts in the field.

Our schools have spacious and airy class-rooms, innovative teaching techniques, properly stacked libraries for seniors and juniors, planned and laid play fields, immediate medical attention incase of any eventuality, suitably planned transport, mechanized kitchen, homely hostels separate for boys and girls, an air conditioned auditorium and hygienic, perfectly maintained wash - rooms. In a short period of five years we have created ripples in the educational area of Salem and its suburbs.

Give us the child and take back a worthy citizen and leader.

Shri. R. Palanisami

B.Sc., M.Ed.,

Senior Principal's Message

My best wishes to every one.

I, PALANISAMI.R have taken up the task of guiding and supervising the teaching learning process. I am ever loyal to my duty. I closely monitor the teaching learning process and see that children enrich their general and subject knowledge adequately. I will see that this Senthil Matriculation Higher Secondary School will remain ever and shine like the sunstar, emitting eternal light to enrich the student community. Right from the opening of our school in 2002, I have given much importance to teach moral values, conduct and character along with value education. I maintain academic standard and see that our children shine academically. My aim is to impart adequate knowledge to my students and help them become all - rounders. Wish that students should not indulge in any kind of unwanted activities and must devote themselves to educational activities only. My best wishes to all my dear children/students to advance steadily and occupy very high positions in their [later life] professional career.

Academic Wing

Senthil Matric School (SMS) is a New Generation Educational Institution initiated with the strong conviction of inculcating the power of knowledge and to tap the innate potential of young minds. The school aspires to create an ever flourishing platform for the leaders of tomorrow with a perfect blend of academics, sports, culture and innovation. SMS is a day - cum - boarding school spread over a pristine lush green ambience in a tranquil environment. For the purpose of effective management, the academic classes are split into the following wings:

Kindergarten

The term Kindergarten was coined by **Friedrich Frobel**, a German Pre-school educationist. Kindergarten curriculum allows children to participate in small groups while interacting with other children in activities and projects.

Exposure to reading occurs daily by engaging children in letter identification while progresses to letter sound. Additionally children will be exposed to beginning addition and subtraction and other analytical skills.

Our KG wing provides children with new challenges and learning opportunities. We have created a Kindergarten program which encourages both education and enrichment to the individual child.

We teach Tamil, English, Hindi, Mathematics, EVS, Computer Science, Art & Craft and General Knowledge in Kindergarten.

Children are exposed to many kits in the Activity Room where a lot of materials are kept.

We have spacious play area where children of KG wing are allowed daily. To cater to the nutrition needs of the children biscuits / grams and milk will be provided in the morning and evening.

State Board Syllabus :

The children are developed in Kindergarten and are ready to take up their studies further in State Board Syllabus from Class I onwards. Reading, writing, listening and speech contribute to child's progress in all syllabi. Here in the State Board Syllabus emphasis is made on reading, simple Mathematical skills and every day Science throughout the primary classes to give every child a solid foundation for school learning. In upper – primary classes, teaching of Mathematics enhances child's resources to think and reason and teaching of science enables children to examine and analyze every day experiences. Further each child is given opportunity to develop computer skills, self-awareness of health care and physical and mental alertness.

Primary Classes (I to V) :

Tamil, English, Hindi, Mathematics, Science, Social Science, Computer Science, Art & Craft, General Knowledge and Moral Values are the subjects taught at primary level.

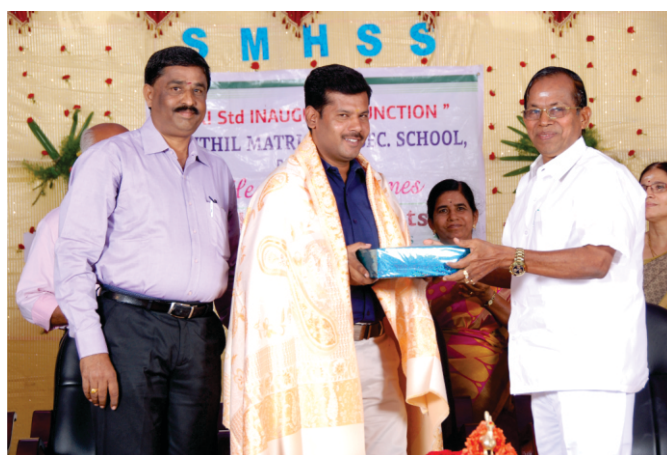

Upper-primary Classes (VI to VIII):

Students are emphasized on the use of quotes and linguistic fluency in Tamil & Hindi and to achieve good communicative skills in English. They are also given opportunity to improve logical thinking in Mathematics, scientific spirit in Science and Social justice in Social Science. Apart from these, Computer Science, Art & Craft, General Knowledge and Moral Values are taught at middle level.

Secondary Classes (IX & X):

In classes IX & X, more focus is emphasized on subjects like Tamil, English, Mathematics, Science, Social Science. These are the subjects that are taught at secondary level.

Basic Classes of IIT Coaching is taught at secondary level.

Higher Secondary Classes (XI & XII):

The groups available at Higher Secondary level are

- Group I - Physics, Chemistry, Mathematics & Computer Science
- Group II - Physics, Chemistry, Mathematics & Biology
- Group III - Accountancy, Commerce, Economics & Computer Science / Business Maths

in addition to group subjects, Tamil and English are compulsory subjects. Higher Secondary classes are also taught in Tamil medium.

Results

The first X batch was presented in the year 2005, and the first XII batch was presented in 2007, and the results were quite encouraging. The students strength grew fast and the number of students appearing the Board Examinations also increased every year. Cent percent pass result achieved in all subsequent years has made the school very popular.

Infrastructure

The school takes pride in the imposing infrastructure with all modern amenities

Digital Classes

The school provides computer aided learning to all students. All our classes are equipped with Smart interactive boards to enhance the quality of teaching and learning. Students from classes VI to XII utilize them to gain practical knowledge in their allotted periods.

Laboratories

Theory is good, but practical makes perfect understanding and that will lead to perfect innovation.

Our school has state-of-the-art laboratories for Chemistry, Physics, Biology and Computer Science. The thirst for experimental observation and study is quenched in our labs.

Library

Our school library is a gateway to knowledge resources. We have two well equipped libraries with a colossal collection of 20,000 various books on Encyclopedias, journals, magazines and other research related books in three languages of English, Tamil and Hindi.

Canteen

All students are given biscuits in the morning and healthy grams in the evening as snacks. Lunch will be provided on need basis through token system. All the vessels, plates, snack cups and spoons are properly cleaned and sterilized.

Training

Assembly

The Common Assembly is held once a week for all classes from KG to XII Std. Every child is given a chance to participate and share stories, songs, plays, facts, etc. This enables the children to overcome their stage fear and increase their confidence.

Handwriting

Cursive handwriting is practised by the children upto tenth standard. Children are trained to acquire good hand writing in English, Tamil and Hindi right from L.K.G. Handwriting experts in english cursive are invited every year to impart training.

Punnagai Magazine

Students from Classes IV to VIII are motivated to purchase Punnagai Magazine every month for setting up the Home Library to inculcate the habit of reading at home.

Scouts & Guides

The School has introduced Scouts and Guides in the Academic Sessions. The objective of the programme is to create social awareness and instil in them the values of being responsible citizens of our country.

Robotics

Robotics is a multi disciplinary field which combines all technologies. A unique way to explore the world of Robotics is exactly taught from Std V to VIII. Robotics learning develops the initiative understanding of physical concepts in Maths and Science to realize the technology. Robotics prepares the students for the fast paced competitive world.

Extra Classes

We believe every child is special and unique. The late bloomers are not pushed aside but given special care in the extra classes after the school hours in the school itself by our team of trained special educators.

Competitions

Taking into consideration the overall development of the children, a variety of competitions are conducted on a specific day ranging from dance, singing, role play, elocution, storytelling, recitation, art and craft, debates, etc.

Science Exhibition

Every year a Science Expo is conducted in the school. This encourages all the students from KG to XII Std to explore the daily science and fast tracking technology development.

Workshops

Changes are constant in life, and we believe in change for the better. Workshops are conducted in regular intervals for teachers and students where eminent personalities share their experiences and motivate them.

Guidance and counselling

The school has a full time trained psychologist who provides counselling for emotional, behavioral and learning problems of the students. The turbulent teens and situational mood swings are dealt with care and concern.

The psychologist provides assessment, intervention and therapy as per individual requirement. Special orientation and counselling programs are conducted for the parents and teachers.

Clubs

Club activities help students to gain self confidence and self esteem. It triggers hidden talent and skills of the students.

Quiz Club

G.K. quiz, current affairs and updating news are discussed, shared and learned in this clubs. Twice in a year quiz competitions are held and prizes are distributed.

Literary Club

To enhance and enrich the knowledge in English, Tamil and Hindi various programs like speeches, debates, dramas and recitations are conducted in these clubs.

Book Fair

Every year book fair is organized by the school, where the famous book publishers display the best books for sales in the fair. This fair is to motivate the students to know the value of books. It also instills the habit of maintaining home library of the students.

Traditional Food Fest

Once in a year traditional food fest is conducted in the campus. This fest provides the information and importance about the traditional food for healthy living.

Co-Curricular Activities

Student Admission

Admissions

Applications for admissions should be made in the prescribed form. Application form and prospectus can be collected from school office from Thai 1st (Pongal day every year)

Admissions to KG classes and I – V stds will be made directly on Thai 1st Pongal day on wards every year.

Pre KG : 2 Years and above as on 31st March

LKG : 3 Years and above as on 31st March

UKG : 4 Years and above as on 31st March

Birth certificate to this effect must be produced at the time of admission. One copy of passport size photograph, Blood group certificate and Community certificate must be submitted at the time of admission.

For Admission to Other Classes

In addition to the Transfer Certificate from the previous School, one copy of passport size photograph, Birth Certificate, Community Certificate, Adhar card No., EMIS No., xerox copy of Ration card and Blood group certificate must be submitted.

School Fees

The school fees fixed per annum should be paid at the time of admission. Fees once remitted will not be refunded. We do not demand or accept donations for admissions.

School Uniform and Shoes

Two sets of regular uniform and one set of sports uniform will be supplied by the school. In addition, 2 pairs of shoes and socks (1 pair for regular uniform & 1 pair for games) will be issued before the school reopens for the current academic year through our stationery stores.

Concessions

Children of ex-service personnel are given 10% concession in their school tuition fees.

School Timings

Pre KG : 9.00 am - 12.00 Noon on all working days.

LKG & UKG : 9.00 am - 3.30 pm on all working days.

All Saturdays and Sundays are holidays.

Class I - XII : 9.00 am - 4.00 pm on all working days.

All Sundays are holidays.

Entrance Coaching Classes

- * Pre Foundation courses are conducted having tie-up with the most famous Allen group from Kota. Distance learning programs(DLP) are conducted for children of VI to X standards.
- * IIT Coaching for IIT-JEE and NEET (Medicine) Coaching for the pupils of XI and XII standards are done by MASTER JEE Academy.
- * NEET Coaching for Repeaters and Pupils who have already passed XII Standard and aspire to get admission into medicine will be conducted by Master JEE academy.
- * Crash Course for NEET during Summer Vacation for those who have appeared for the XII standard public examination.
- * According to the New enriched XI Syllabus and to face the NEET, IIT-JEE & other exams. Special foundation course will be conducted by the eminent MASTER JEE Academy. The course commence immediately after X Std. Public Examination.

Rules and Regulations :

1. By Registration, Admission cannot be claimed as a matter of right.
 2. Admission is at the discretion of the Principal.
 3. Transfer Certificate should be produced at the time of admission / before the school reopens after summer vacation.
 4. In case of Name change - Attach the copy of the Gazette notification.
 5. If a student wants Transfer Certificate in the middle of the session, parents transfer copy / appointment order / valid document must be produced.
 6. Tuition fees and other fees paid will not be refunded for any reason. Even if the student is terminated from the rolls of the school for any reason or even if he/she voluntarily leaves the school, the amount paid / collected will not be refunded.

 8. All disputes shall be within the Jurisdiction of Dharmapuri court alone.
- 

Our Alumnee Pride

I am currently a Product Manager in PayPal Headquarters. I finished my Master's in Engineering Management in MIT US after working in Microsoft & Amazon for three years. I studied in Senthil Matric Hr. Sec. School from class 9-12. The time I spent here was the foundation for all my higher studies and I am grateful to my teachers for that. In addition to imparting knowledge, they were friendly and personally invested in my success in all aspects of life. My good wishes to all the prospective and current students!

Ms. MANASAPRIYA

Student of SMHSS, Dharmapuri.

SMHSS!! – History Creators.

Origin of True Education i.e Intelligence & Character.

“WHO YOU ARE IN FUTURE BEGINS WITH WHERE YOU HAVE DONE SCHOOLING”- true in My life. I had joined this Institution in June 2005 with sense of fear, but while growing day by day, year by year I was made CLEAR of “My Dream of becoming a DOCTOR” by *The God of Teaching* so called TEACHERS. Everyone of them joined their hands and Pushed me to the level of DISTRICT FIRST in my Hr. Sec. Examination 2010 March with a score of 1182/1200 and a GATEPASS to my Dream Institution MADRAS MEDICAL COLLEGE. “King Makers are Indeed rare more so to find Kingdom Makers”, this is the School that created Kingdom of its own with virtues of Team spirit, awesome bunch of teachers with their utmost love to their Students.

Hats off to this stupendously fantabulous Institution and I wish *All the very best* for all the Students studying there for their future.

Dr. S. Sathish, MBBS
Student of SMHSS, Dharmapuri.

I did my secondary and higher secondary schooling here in SMHSS from 2002-2009. I am presently doing as Medical Officer for Apollo Life, Chennai. Till now, I feel this is the place where I found my capabilities unveiled. Waiting for Mondays began only after joining this school. Motivational and friendly environment provided made even the extended class schedule easier. Importance of presentation that started with exam papers continues even now with every part of life. Being grateful to the teachers and fellowmen who helped my future in place.

Ms. Aruna Pon Malar M.B.B.S.,

Medical officer,

Student of SMHSS(2002-2009), Dharmapuri

I am happy to be a student of Senthil MHSS. It is the motivation and guidance by school teachers, which make me a multi-talented. Becoming a National level athlete is because of Senthil School. Also, they promote me as a dancer, so that I'm flourishing in modeling field also. In academics also they guided me with care, so that I'm an Engineering Graduate and also I have cleared Group-I Exam. It is the right place to develop multi talents in each and every student...

Mr. DEENDAYAL
Student of SMHSS, Dharmapuri

Mr. JEEVANANDN
Student of SMHSS, Dharmapuri

I joined Senthil School in 2005 and went on to complete my 12th standard during the first year of its inception. There were no fear regarding the new Infrastructure facilities, our faculties and teaching staff made sure of it. They ensured that all the students were well trained for competing at state board exams. The institution motivated and nurtured me through the course of the academic year 2016-17 and I was able to score good overall total as well as engineering Cut-off to join a reputed engineering college, Madras institute of technology in Chennai.

After my four years of Electronics & instrumentation engineering studies, I received a Job offer to work in Reliance industries limited in Gujarat. I was working as a manager of control & instrumentation Activities for about 6 years. Recently I started to work as a Senior engineer in Gas Authority of India Limited (GAIL) in Uttar pradesh. I often feel that the two years of my school life at Senthil nurtured me both at academi and intellectual level. The Days at Senthil School shaped me in to a person, I'm now and it will always be enriched in my memories.

A Message...

SHANMUGAPRIYA K S, ASST. MANAGER (RD), SYNDICATE BANK.

"Penny dropz makes an Ocean" Very much proud and honoured to be a penny drop of SMHSS ocean. Still the day I remember when I stepped into SMHSS for my 5th Std in 2003. SMHSS speciality is both management and teachers will go with the students and make them comfortable. Even now we can see many schools running behind only marks in higher classes, but I will proudly say that I had PT class even in my 12th Std. My school gave me complete freedom and believed me. That's where today I am working at a reputed bank. I did my higher secondary education in 2008-2010 at SMHSS. And joined B.sc (Agriculture) at renowned TamilNadu Agricultural University, Coimbatore under top 10 merit scholarship and completed my UG by 2014. Later joined PG in M.sc (Agricultural Economics) in the same university. In the mid 2015 I have given my all Indian Banking Personnel Selection exam and got selected, appointed as Assistant Manager (Rural Development) officer at Kurnool, Andhra Pradesh on 01.06.2015.

SHANMUGAPRIYA K S.
Student of SMHSS
Dharmapuri.

SMHSS is known for inculcating confidence and faith. The confidence which I gained helped me to move around the states and excel. I thank my school and all my dearest teachers (Mention few of my gurus – Mr. Kandasamy (Correspondent) person of service, Mr. Palansamy (Principal) person of kind, Mr. Sakthivel (Admin) person of energy, Mrs. Krishanaveni (VP) person of dedication, Mr. Rafiq (Physics sir) person of motivation, Mr. Xaviour (Chemistry sir) person of hardwork, Mr. Saravana Kumar (Maths sir) person of cool, Ms. Rahila Banu (Computer Mam) person of punctuality) for what all you had given to me and made me to mark my identity in this society.

All the best SMHSS !!!

Mr. JEEVA SATHIYAN
Student of SMHSS,
Dharmapuri.

I am the First student got admitted in SMS in 2002 and passed out twelveth in 2009. I did my BE from GCT Coimbatore and M.Tech-Structural engineering from VIT Chennai. I am now earning as Assistant Engineering Manager in L&T constructions Ltd., Chennai. Liberal environment helped me shine in academics as I prefer easy and smart study. Exposure in aspects of National level quiz competitions, State level sports meet & Science exhibitions helped me a lot. The quarterly one day trips & the monthly Saturday competition day - No Book day are notably distinct from other institutions that gave good exposure and helped bring out hidden talents.

When I joined Senthil Matriculation Higher Secondary School, it was just a nascent organization that had been up for 2 years. But thinking back about the meticulous care that went into each academic and administrative task, to this date I'm awestruck about the premier quality and utmost maturity that they were able to maintain with such a short runway. The engaging classes by outstanding teachers had made me wake up every day with one consistent and curious thought – "What am I going to learn new at school today?!". The impact is so heavy up to the point that I still remember few lectures and key techniques taught by many teachers in my 4-year span here But that's not it... The depth in extracurricular activities provided here was unmatched anywhere else in the district. I have represented my school, my college and my company in sports, continuing to be active even today and I could most definitely attribute the seed and the initial push to the opportunities provided to me by the school, while helping me maintain an independent but tight balance with my studies. I'm enormously proud to be an alumnus of this prestigious institution!!

Mr. SANGEETH KUMAR
Student of SMHSS, Dharmapuri.
